CHANGE IS COMING... ARE YOU READY?

Learn how to make the critical adjustments that will help you protect your life savings and your retirement investments

The Tax Code, stock market, interest rates, Social Security and Veterans benefits have all changed and will continue to change... drastically. Have you adjusted your retirement plans for recent and expected changes? A retirement plan is much more than having a date in mind. Do you have a comprehensive plan written out that you can count on? Now is the time to reevaluate your retirement strategies and make specific plans that will give you the comfortable retirement you've been working for. Whether you are retired or nearing retirement, expect more from your money and your advisor.

Will Your Current Financial Plan Withstand the Uncertainty of the Once-Again Volatile Market?

We will discuss the following topics:

- ✓ Stock Market: Which way is it headed and how should you position yourself?
- ✓ The New Tax Code: How will it affect you and how can you reduce your taxes?
- ✓ Your Retirement Plan: Have you adjusted it recently? (Do you even have one?) What should it include now?
- ✓ Retirement Disruptors and Destroyers - What could blow up your retirement that you can prevent with better planning?
- ✓ Special information will be made available for attendees who have pensions without cost of living increases or don't have any pensions.

DON'T MISS OUR DINNER IF YOU OWN RETIREMENT INVESTMENTS INCLUDING ANNUITIES, STOCKS, MUTUAL FUNDS, AN IRA, ROTH IRA, 401K, 403B, DEFERRED COMP, TSP, PENSION OR STATE RETIREMENT PLAN.
